

# London Electronics BAR-X og BAR-A

**BAR-X** og **BAR-A** er brukervennlige programmerbare prosesslinjediagrammer. **BAR-A** er kun for visning, **BAR-X** inkluderer 2 alarmreléer. De kan monteres enten vertikalt eller horisontalt og er unike i sin enkle oppsett - programmerbare, men uten menyer! Et fullt tilpassbart skalaark passer bak det beskyttende frontvinduet, slik at du kan lese av verdien i dine egne ingeniørenheter.

- 1/8 DIN (92 mm x 45 mm) panelutskjæring
- Horisontal eller vertikal montering
- Valgfrie utganger

## English Description

The **BAR-X** and **BAR-A** are user friendly programmable process bargraph displays. The **BAR-A** is for display only, the **BAR-X** includes 2 alarm relays. They can mount either vertically or horizontally and are unique in their ease of setup - programmable, but without menus! A fully customisable scale sheet fits behind the protective front window, to allow you to read off the value in your own engineering units.

- 1/8 DIN (92mm x 45mm) panel cutout
- Horizontal or vertical mounting
- Optional outputs
