

25 kg – 5 t

- Lastecelle laget av nikkelbelagt stål, IP65 beskyttelsesnivå
- Kombinert sensorfeil: 0,03 % full skala
- Lastecelle dedikert til strekk-, kompresjons- eller spenningskompresjonsveieing og kraftmålingsapplikasjoner
- Kapasitet: 25, 50, 100, 200, 500, 1 000, 2 500, 5 000 kg
- Load cell made of nickel-plated steel, IP65 protection level
- Combined sensor error : 0.03 % full scale
- Load cell dedicaced to tension, compression or tension-compression weighing and force measurement applications

Capacities : 25, 50, 100, 200, 500, 1 000, 2 500, 5 000 kg
